

Socially-Intelligent Leadership

INTEGRATING THE NONPREDATORY POWER OF HORSES FOR DEVELOPING **COLLABORATIVE LEADERSHIP** AND **MANAGING CHANGE**

The fluid interplay of these 5 roles - **Dominant, Leader, Nurturer, Sentinel, Predator** - allows you to cultivate a socially intelligent form of leadership.

You will learn to handle power struggles, access your personal power, empower others and lead with confidence and empathy.

Your Results:

- Enjoy your work more
- People are motivated to work with you
- Achieve your goals more easily

Offer: Online or as a live experiential learning with horses for individuals and groups.

Individual Approach: Allows us to integrate the learnings into your personal or professional environment

Online Assessment Tool: Indicates which roles you are currently over-emphasizing, ignoring or even actively avoiding
